## SUMMARY

Senior Front-End Developer with over 10 years of experience in delivering scalable, high-performance, and user-friendly web applications. Expertise in Angular, TypeScript, RxJS, and CI/CD pipelines. Adept at building intuitive user interfaces, optimizing application performance, and promoting best practices in front-end development. Proven ability to drive user engagement and operational efficiency through innovation and collaboration. Enthusiastic about shaping holistic UI journeys and exceeding customer expectations.

## SKILLS

- **Frameworks & Libraries**: Angular v17, React, Vue.js, Redux, NX Mono Repo, Angular Universal, Next.js
- **Core Technologies**: HTML5, CSS3, ECMAScript Next, TypeScript, SASS, BEM, RxJS, GraphQL, Accessibility (a11y), Server-side Rendering
- **Testing Tools:** Jest, Cypress, Microsoft Playwright
- **Automation & CI/CD:** SonarQube, GitHub, Webpack, NX, Azure, AWS S3, AWS EC2
- **Backend:** Node.js, Express, REST APIs, GraphQL
- **UX Design Tools:** Adobe XD, Figma
- **Other Tools:** Highcharts, D3.js, GIT, Microsoft Azure DevOps, Dynatrace, Tealeaf
- **Languages:** English (Proficient), Dutch (Intermediate, A2), French (Beginner)

## WORK EXPERIENCE

**06/2015 - Present**

**Senior Front-End Developer, Tata Consultancy Services**
*Client: KLM Royal Dutch Airlines, Netherlands*

- Working with a team of developers as BLUEWEB CORE Component Team to develop, test and deploy a robust web application for people to book flights through AFKL.
- Developed and maintained responsive front-end applications using Angular and TypeScript, achieving a 30% increase in user engagement.
- Designed and implemented user interfaces, including the SEATMAP feature, which boosted ancillary product sales by 30%.
- Optimized application performance and scalability by adopting RxJS for the data layer and UI management.
- Led code reviews and contributed to best practices in front-end development, ensuring consistent quality across the codebase.
- Automated unit and end-to-end testing processes using Jest and MS Playwright, improving release cycles by 25%.
- Enhanced accessibility by implementing ARIA standards and WCAG 2.0 guidelines, expanding user reach.
- Promoted front-end development best practices, reducing code volume by 45% and improving maintainability.

**Front End Lead Developer, HCL Technologies**                                        06/2014 - 06/2015
*Client: Verizon, Chennai, India*

- Implemented a real-time interactive guide, increasing customer engagement by 22% and driving subscription renewals.
- Customized and optimized CSS Grid layouts for cross-platform compatibility, reducing mobile rendering times by 50%.
- Developed automated testing frameworks with Jest, achieving 90% code coverage and reducing bugs by 60%.

**Front End Developer, Cognizant Technology Solutions**                   11/2010 - 06/2014
**Client: Discover Financial Services, Chennai, India**

- Refactored and optimized legacy codebases, reducing technical debt by 20%.
- Integrated RESTful APIs for seamless data flow, cutting time-to-market for new features by 15%.
- Transitioned applications to responsive design frameworks, increasing mobile user access by 60%.
- Resolved cross-browser compatibility issues, decreasing user complaints by 30%.

**Intern - Front End Developer, HCL Infosystems**                                08/2008 - 11/2010
**Client: BSNL, Puducherry, India**

- Transitioned Flash-based games to HTML5 Canvas for cross-browser compatibility.
- Implemented a CDN and image sprites, reducing load times by 15% and improving user engagement.
- Collaborated via GitHub for version control, improving team productivity and code quality.

---

## EDUCATION

**Bachelor of Technology**                                                             06/2004 - 06/2008

- Rajiv Gandhi College of Engineering and Technology, India
  Specialization in Computer Science Programming and
  Engineering

---

## ADDITIONAL INFORMATION

- Awards/Activities:
  - Star Award - Cognizant
  - Live Wire Award - HCL Technology
  - Patback Award - Discover Financial services
- Strong stakeholder management and communication skills.
- Customer-first mindset with a focus on delivering value and exceeding expectations.
- Team player, always willing to go the extra mile for customers.
